The Woman's Club will give an exhibit of paintings by Kentucky artists early in May. It will be held in the large store room of Mr. W. T. West which has been recently painted and papered and is now very attractive. An interesting feature of the exhibit will be a display of fine handwork, china, and fancy cooking done by ladies in our town and community. This event promises to be novel and most interesting to all.

### Republican Convention.

In Louisville last week the Republican State Central Committee fixed the time and place for the holding of their convention for nominating candidates for state offices for July 11th in Louisville, Ky.

### Judge Walker In Frankfort.

Judge Lewis L. Walker is holding court in Frankfort this week as special judge in the absence of Judge Stout who is ill. The daily papers devoted considerable space to giving the judge complimentary notice, and it appears that he is making good on the outside as well as in his own district.

### Higginbotham Property Sold.

Rev. F. M. Tindler purchased the home place of the late J. M. Higginbotham, consisting of 77 acres, from the administrator Mr. George T. Higginbotham for \$161 per acre. This is one of the most desirable homes near Lancaster. Mrs. Higginbotham will store her furniture and board for the present. Mr. Tindler will take possession of his new home in the near future.

### Herdon Makes Raid.

Deputy Collectors Ben D. Herndon and J. L. McCoy and U. S. Marshal John Griffith last week raided a moonshine still on Mud Lick of lower Stinking Creek in Lee county; they destroyed a still, kettle, worm and other paraphernalia and about two hundred gallons of beer. Sam Allen who is said to have run the still made his escape, but warrants are out for him and officers are scouring the mountains in search of him.

### Good For Harve.

Hon. Harvey Helm met with handsome treatment at the hands of the Committee on Committees of the 62d Congress. He was made Chairman of the Committee on Expenditures for the War Department, now one of the most important posts at their disposal. He was also made a member of the Committee on Insular Affairs and also on the Census.

For a two term man this is crowding rapidly to the front.

### Miss Virginia Arnold Dead.

Miss Virginia Arnold who was seriously ill of bronchial pneumonia at the time of her father's death, died Saturday and her remains were laid at rest in the Lancaster cemetery Sunday afternoon.

Miss Arnold was a consistent member of the Christian church, and her death was doubly sad, coming so close after that of her father.

The sympathy of the entire community goes out to the family in their double bereavement.

### Calvin Elam Accidentally Killed.

During the terrific wind storm Tuesday afternoon, Calvin Elam fell from a telephone pole in Paris and was killed instantly. His remains arrived on the afternoon train Wednesday and were interred in the grave yard at Goshen.

The deceased was the son of Mr. Levi Elam who lives about five miles from Lancaster on the Fall Lick pike. He has been in the employ of Mr. Bastin of the local telephone company for about four years and was a model young man. He left Lancaster Monday for Paris, where he had secured a position with the Home Telephone Co., and he had not been at his new position a day before he was killed.

Young Elam was on a pole making some repairs during the storm, when it is supposed that he lost his footing and in making an attempt to save himself he came in contact with a live wire, which had doubtless become crossed with the telephone wires, and which caused him to fall. His neck and one arm were broken.

### Cupid Busy Again.

The marriage of Miss Sue Anna Lear to Dr. B. C. Rose of Bryantsville was solemnized Wednesday April 5th at 2:30 P. M. at the home of her parents Mr. and Mrs. William Lear.

Rev F.M. Tindler officiated. The wedding was a quite home affair, with only immediate relatives of contracting parties, present the beauty of the home was enhanced by an artistic arrangement of ferns and carnations.

The bride and groom entered the parlor, to the strains of Mendelssohn's wedding march, and during the ceremony "Call me thine own," was softly played by Mrs. Ross Bastin, the bride wore a becoming traveling suit of tan and carried Easter lilies.

Immediately after the ceremony the happy couple were motored to Danville where they took the train for Louisville. The bride is a charming girl and will be greatly missed by the younger set.

Dr. Rose is a prominent young physician of Bryantsville and has already made good his calling, he and his bride are among the most popular young people of our county as was attested by the many gifts received. They will be at home after April 15th at the home of the groom's father near Bryantsville.

### State Fair.

The big show, the Kentucky State Fair will be held in Louisville from September 11th to 16th inclusive, bigger and better than ever before.

### Card of Thanks.

We take this method of thanking our many friends who were so kind to us during the sad hours of our great bereavement.

Mrs. Joe Arnold and Family.

### Governor Fixes Day.

Governor Willson has set May 6th. as the day upon which Shay Penman shall be electrocuted. The electrocution will take place within the walls of the penitentiary at Eddyville, and will be the first death sentence carried out under the new law which provides for electrocution instead of hanging in Kentucky.

Penman it will be remembered is the negro who in August 1910 assaulted little 11 year old Mary Rankin near Hubble, and who it was necessary to bring the military to Stanford to protect during his trial. Penman is now in jail in Lexington but will be taken at once to Eddyville.

Under the new law only the following persons may be present at the execution: The electrician, the warden and his deputies and guards, the sheriff of the county in which the condemned was convicted, the Prison Commissioners, the physician and chaplain of the penitentiary, and a clergyman and three other persons designated by the condemned, one representative of every newspaper published in the county in which the execution takes place and one representative of every daily newspaper in the state.

### Judge George Denny Dead.

Another of Garrard's illustrious sons has gone to rest.

After an illness extending over a period of more than five years, Judge George Denny passed peacefully away at his home in Lexington Tuesday evening at 3:30 o'clock, in the 63rd year of his age.

The funeral ceremonies were conducted at the home in Lexington after which his remains were brought to Danville and thence to Lancaster, where they were buried with Masonic honors, he being a member of that order.

Judge Denny's condition had been steadily growing worse for more than a week. His attending physician realized several days ago that his recovery was extremely doubtful and his death Tuesday night was not a surprise to his family and friends who knew his condition.

He is survived by three children Miss Eugenia Denny, and Miss Massie Leavell Denny, who make their home with their parents, and Lieutenant Van Hamilton Denny of the United States Army, who is now on the sick list in the Government Hospital in Washington, D. C.

He is also survived by a sister-in-law, Mrs. Eugenia Dunlap Potts, the authoress, who has made her home with Judge Denny for a number of years, and a brother-in-law, Mr. Wood G. Dunlap, superintendent of the Pepper Distillery.

Judge George Denny was born at Paint Lick, Garrard county May 11, 1848, and would have been sixty three years old had he lived until May. His father, Alexander Denny, was a prosperous farmer of Garrard county and was of Scotch-Irish descent. His mother, Mrs. Massie Barnett Leavell, was descended from the French Huguenots.

In November, 1870 he was married to Miss Mary Dunlap, daughter of Hon. George W. Dunlap, of Lancaster. His wife survives him, but in recent years has become almost an invalid.

In 1870 he was elected on the Republican ticket County Judge of Garrard. At the expiration of his term as County Judge, he was elected Commonwealth's Attorney of the Eighth Judicial District, winning over the Democratic candidate by 777 votes, while Judge Mike Owsley, the Democratic candidate for Circuit Judge, was elected by a majority of 1,700 votes.

He was made chairman of the Republican State Central Committee in 1879, and was prominent as one of the party's strongest leaders. In 1884 he was sent as a delegate from the Eighth Congressional District to the National Convention at Chicago. He was one of Mr. Blaine's counsel in the famous libel suit against the Indianapolis Sentinel.

In that year he moved to Lexington where he had since made his home.

In 1888 he went as a delegate-at-large from Kentucky to the Republican National Convention at Chicago, which nominated Benjamin Harrison for President of the United States. He was a member of the notification committee, entered actively into the campaign, and stamped the State in Harrison's behalf.

In 1894 Judge Denny was the Republican candidate for Congressman from the Seventh Congressional District. His opponent, W. C. Owens, of Scott county, the Democratic candidate, was elected by a majority of only 101 votes. Judge Denny contested the election, but lost the contest.

Shortly after the election of Governor Wilson and the other Republican State officers in 1907, Auditor Frank P. James appointed Judge Denny Revenue Agent for Fayette county, which position he held until his death.

### UNSUCCESSFUL ATTEMPT

#### To Burn Garrard County's Court House.

The entire community was shocked Wednesday morning by the fact discovered by Mr. Ed. Morrow when he went up to attend to the town clock that some dastardly miscreant had attempted to burn the Court House.

At the head of the first flight of stairs that goes into the cupola, and about twenty feet above the second floor, some one had collected paper and trash and saturated it with kerosine and set it afire; a hole was burned in the floor about eighteen by twelve inches, and but for the fact that a window about six feet above and three feet to the left had allowed the rain to beat in and keep the spot damp, the edifice would have been destroyed.

No clue to the perpetrators of the dastardly attempt has been obtained, and it is a source of great mystery what possible object anyone could have in desiring to destroy the court house. Whoever did it had a grievance against the county, the officials and every citizen in the county.

Had the attempt been successful, aside from the monetary loss, there would have been an incalculable loss to the entire county in the loss of deeds, mortgages, valuable papers of all kinds and the county records.

The court house itself is insured for somewhere in the neighborhood of \$30,000, but no insurance could reimburse for the possible loss resulting from the burning of the structure.

The records of the court house should from this time on be more carefully cared for, a steel, fire proof vault should be constructed at once for their preservation so as to avoid any possible chance of their ever being destroyed, should the court house ever by any means be burned.

As for the miscreant who made the unsuccessful attempt, he is a menace to the community, the very lowest of criminals, and no effort should be spared to apprehend and bring him or them to justice.

Section No 1168 of the Kentucky Statutes reads as follows: "If any person shall willfully burn any court house county or public prison, or the office of any clerk of a court, of the Capitol of the Commonwealth, or any office therein, or upon the capitol or public grounds or any surveyor's or other public office within the state, or the office or depot of any railroad or canal, gas, electric light, telephone or telegraph company, he shall be confined in the penitentiary not less than seven nor more than twenty years."

I will break your colts or get your old horses accustomed to automobile for 75c per day. Let me handle them for you. W. B. Burton. 310 tf.

### Democratic Ticket.

FOR CIRCUIT JUDGE.

Hon. Charles A. Hardin, of Mercer.

### For The Legislature.

We are authorized to announce J. A. Doty, as a candidate for the Legislature, subject to the action of the Democratic party.

### For The Legislature.

We are authorized to announce John M. Farra as a candidate for the Legislature, subject to the action of the Democratic party.

### A Suggestion.

Our neighboring towns are making life miserable for the vagrants, giving them heavy fines accompanied by heavy sentences to the rock pile. This course is very commendable, and one which could well be emulated by Lancaster.

The Sunday excursion season is about to open, when all the labor in and around the town, good, bad, and indifferent will migrate "across the river" or to "Injunpolis" or some other northern point, where they will spend the summer, to return in the Fall. They may work when they are away from Lancaster, but the majority can not be persuaded by any kind of inducement to do anything in the way of manual labor when they are here.

There is work here for all, of every description, and for good wages, but in the early Spring when you want a few hours of gardening done, you will be compelled to do it yourself, for never a "cultured gentleman" can you persuade to do it for you. It is not because they are not here, anytime you may find at least a dozen of them sunning themselves in front of the ramshackle domiciles of battle row. Nor are the female denizens of that sweet scented locality any better than the men. It is almost impossible to secure a cook, and when one is obtainable, her qualification are but indifferent, and she will only stay long enough to secure a stake and she is gone on the first "secession."

This class of our citizens live off the more industrious members of their race; they always manage by some means, fair or foul, most times the latter, to get hold of a piece of money, either a crap game, selling a little licker, or some other equally as reprehensible practice is brought to their aid, and the hard working colored man or woman is an invariable sufferer.

Some of them try petty thievery, but this custom invariably lands them in the penitentiary, and they have profited by the fate of their predecessors and seek some other less dangerous method of obtaining a livelihood without laboring for it. The blind tiger evil has about been squelched here in so far as the males are concerned, but it seems that the women have now taken up the liquor selling habit. Last week two of them were caught red handed and fined heavily, a sentence to the rock pile might well have accompanied the fine, for if they will follow these nefarious practices they should expect nothing else but to suffer the full penalty of the law for their wrong doing.

The Devil is ever ready to furnish mischief for idle hands to do, and if these women were forced to seek some honest means to earn their livelihood, they would abandon these practices. Bees kill off the drones, the non laboring class, their more thrifty neighbors refusing to allow them to reap the fruits of their toil. We do not advocate severe remedies as the bees employ, but we do advocate one which would force them to go to work and earn a living.

There are existing laws on the statute books, city ordinances, which if rigidly enforced would not leave an able bodied citizen, male or female idle within the city bounds.

Why not enforce them? It should be done, other places are doing it, why not Lancaster? Unless it is done our town will become a refuge for the idle who flee from the laws that are being enforced by our neighbors. We are not certain that this is not already to some extent the case, many of the undesirable negroes from neighboring towns are frequently seen on our streets, especially on public days, and it is a certainty that they are not looking for work.

It would not be a bad idea for the board of health to cooperate with the police department, and clean up the domiciles as well as their tenants.

There are some so called dwellings in certain localities that would not make suitable hog pens, filthy, ilkept, unsanitary, suitable only for the breeding of pestilence and disease.

Such conditions are a disgrace to a civilized community and they should be remedied without less of time. The sooner this is done, the better for the health and welfare of the locality.

Let's have a "Spring cleaning" right. See that not only the streets and alleys are cleaned up, but also the houses in the localities where the eyes or the nostrils will easily tell you are in an unsanitary condition.

Get after the vagrants, let none escape, white or black. If you find an able bodied person idle, find out why he is idle, if he claims to be sick, make him produce the evidence, a physician's certificate if necessary, and if he is unable to do this, then apply the vagrancy laws, let the police judge give him a sentence and then make him assist you in the cleaning of the streets.

Let us not be behind our neighbors in ridding ourselves of the drones, not only that but go them one better and place our town in such a sanitary condition that no part of it will offend the eyes or nostrils of the most fastidious.

## What Congress Will Do.

Many people who are posted on such matters, and who are supposed to know have prophesied that the extra session of the 62nd Congress would be a short one, but the indications are that their prognostications were without foundation. If they do one half what has been out for them, they will be in Washington until well along into the winter. Champ Clark says until September 1st and he has as good an idea as anyone. Neither were the conjectures of the knowing ones that they would deal only with the reciprocity agreement correct. The following resolutions adopted by the Democratic caucus can give an outline of what Congress is expected to do, and if they do one half of this, Speaker Clark will not fall far short of his prediction in saying they will be there until Sept. 1st.

"Resolved, That the Democratic members of the various committees of the House are directed not to report to the House during the first session of the Sixty-second Congress, unless hereafter directed by this caucus, any legislation except in reference to the following matter:

"First—Election of United States Senators by vote of the people.

"Second—Legislation referring to the publicity of campaign contributions before and after election.

"Third—The Canadian reciprocity agreement, general tariff legislation and legislation affecting the revenues of the Government.

"Fourth—The reapportionment of the House to conform to the Thirteenth census.

"Fifth—Resolutions of inquiry and resolutions touching upon investigations of the executive departments.

"Sixth—The admission of the Territories of Arizona and New Mexico.

"Seventh—Any deficiency bills that the exigencies of the Government may require to be considered at this time, and bills to correct the enrolling of the appropriation bills passed March 4, 1911.

"Eighth—Legislation relating to the District of Columbia."

## Another One Gets Cold Feet.

Last week Judge William Reed of Paduch announced himself for the Democratic nomination for Governor. Judge Reed is an eminent jurist and would make a splendid governor, but he chose an inauspicious time, and the judge has realized this fact, for he came out last Friday in a card of withdrawal in which he says that his announcement was ill advised and was made without due thought, that his first duties are to his courts, he being the circuit judge of his district. Thus has been removed another obstacle from the path of the man from Madison. Will the people who oppose his nomination find another man who is willing to try conclusions with him, or will they try? This remains to be seen. They have not yet been able to lay hands on a man who would stick, as soon as they find the pace set is too warm, they leave the track.

With Judge E. C. O'Rear, E. T. Franks, Ed Morrow and Lieutenant Gov. Cox seeking the nomination for Governor at the hands of the republican party, a warm time may be expected. However, the one who is so lucky as to win out for the nomination wins but an empty honor, for he will surely suffer defeat at the hands of Senator James B. McCreary.

## Never Out Of Work.

The busiest little things ever made are Dr. King's New Life Pills. Every pill is a sugar-coated globule of health, that changes weakness into strength, languor into energy, brain-fag into mental power; curing Constipation, Headache, Chills, Dyspepsia, Malaria. Only 25c at R. E. McRoberts & Son 1-m

The evil effect of spitting on the street is as nothing compared to the fatal effect of spitting in church and public places. It is disgusting to think of walking over and soiling shoes with sputum on the street, but when a mass of tuberculosis germs are spit in a building kept close and dry it is but a short time until there is flying in the air thousands of germs. The giving of consumption is not the only one which people get into their mouths by breathing germs, diptheria, pneumonia and other prevalent diseases are thus taken into the lungs of healthy people, why don't people stop this deadly habit they could and should decency and humanity demand it.

## Baseball.

Michigan against Central University, Danville, Ky., Tuesday April 11th. Lovers of baseball may expect a good game in this one, as the Michigans are one of the strongest teams in the country and Central has considerably strengthened their team and made vast improvements over the team as it lined up last year. A goodly delegation will go over from Lancaster to see the first big game of the season.

## Bum Show.

Lancaster has stood for much in the past in the way of bum entertainments, but the limit was reached last week when "Professor" Smith, colored, and his troupe of near minstrels blew into town. They were greeted by a splendid crowd on Friday night, and on Saturday a good many of the same crowd attended, but for a different purpose, they were seeking revenge for the punishment they received on Friday night, and they collected what was coming to them. Sufficient to say that the mention of an egg or potato would serve to stop the show and put the entire troupe in a panic in the future.

## Try This On Gaping Chicks.

Take a tight box, and heat a stone real hot, put it in the box then put a piece of screen wire around it, so the chicks will not get against it and get burned, now put in the chicks that will cover the box tight. Then pour on the hot stone about a spoonful of carbolic acid, the stone must be hot enough so the acid will fry and smoke. Cover the box quickly, leave the chicks in it four or five minutes; it will sound like they are smothering, but they will be all right. Take the chicks from the box and put them out, and in a day or two they will not gape any more. This remedy scarcely ever failed and it is easily done, and not expensive.

## Fiscal Court Meets.

The Fiscal Court of Garrard County met Tuesday and dispatched business promptly. Judge A. D. Ford, County Clerk J. W. Hamilton, Squire J. P. Bourne, Logan Ison, Harrison Ray and J. W. Coldiron and County Attorney E. Robinson being present. Mr. B. F. Hudson was elected Treasurer of the county which position he has held very satisfactory for several years. Mr. A. D. Leavell was made stock inspector as is explained at another place in this issue. As this was the regular time for allowing claims against the county there were many of them allowed which will be published according to law. The members of our Fiscal Court are all fine gentlemen and have the interest of the county at heart.

## Mail Route Discontinued.

On Saturday April 15th, the Star Route Mail Line running between this place and Danville will be discontinued. The postoffice at Hedgeville and Hubble will be supplied from the Lancaster office by lock pouch over rural route no. 2.

This announcement will be a source of regret to the many friends of Jim Hatcher, the popular stage driver. During Jim's many years of service on this line he has made many friends, both here and in Danville. Clever affable, accomodating, he will be sadly missed.

No more faithful or efficient mail carrier ever worked out of the Lancaster postoffice, and during his long service there has never been an adverse report made against him. These facts will be readily attested to by postmaster West.

## Circus Next Tuesday.

There will be a treat seldom in store for the amusement going public when the "Mighty Haag Shows" exhibit at Lancaster on April 11th.

The program this year has been so arranged as to please everybody, being one of the greatest list of features ever offered by any amusement purveyor.

E. Haag, proprietor of the Mighty Haag Shows, was successful in securing the celebrated acro-planist, Mons. Di' Paulham, as one of the features, also securing one of the rarest animals known to animaldom, "The Hippotragus Equinus," which today is almost extinct; when added to his large zoological collection will make it second to none.

These two features are alone worth the price of admission and with other amusement enterprises would be the crowning feature, while with the Mighty Haag it is only one of the many features offered by the big Southern Circus.

## Attention Sheep Raisers.

Now that the time for the moving of the Spring lamb crop is drawing nigh it would be well for you to remember the recent ruling of the Kentucky State Live Stock Sanitary Board.

That ruling is substantially, that no one is allowed to remove sheep from his farm for any purpose until the flock has been inspected by the county inspector, and that officials certificate obtained that the sheep are free from scabies.

The rule also applies to all transportation companies, forbidding them to move any sheep, or to accept them for shipment unless accompanied by a certificate from the proper officer.

The law provides that the Fiscal Court shall employ and pay such an inspector in their respective counties. Mr. A. D. Leavell has been appointed inspector for Garrard county, as was noted in the Record several months ago at the time of his appointment.

Every farmer who has lambs to sell, or sheep, should call on Mr. Leavell and have his flock inspected and secure the necessary certificate before disposing of them.

## Sale Of Stock Of Drugs.

Hughes & Swinebroad have just sold for F. P. Frisbie his stock of drugs, fixtures, stock of jewelry and soda fountain. The sale was made to R. E. McRoberts & Son, Morrow & McRoberts, and J. E. Storms R. E. McRoberts & Son get the soda fountain and fixtures there-with. Morrow & McRoberts get the jewelry, cut glass, etc., of which Mr. Frisbie has a very splendid line. R. E. McRoberts and J. E. Storms get the store fixtures. The soda fountain, stock of jewelry, and some fixtures will be moved at once, and Mr. Frisbie will sell the stock of drugs at the old stand while closing up his outstanding accounts etc. We are glad to state that Mr. Frisbie, who is one of our most substantial citizens and business men, has no intention of leaving Lancaster.

## John Salter Dead.

Again are we called upon to chronicle the death of another Confederate soldier. This time it is John Salter. He died in Crab Orchard Monday and his remains were laid at rest in the Lancaster cemetery Wednesday morning at 11 o'clock, funeral ceremonies being conducted at the grave by Camp D. V. Logan U. C. V. Drawn and mishapen by age, privation, disease and from honorably received wounds, he would not have been taken for one of the bravest men in the Southern Confederacy, where there were so many brave men. He was "one of Morgan's men", in Capt. Bob Logan's company, was captured at Cheshire, Ohio with Morgan and sent to Chicago prison where he remained from July '63 until March '65, being exchanged only a few weeks before See's surrender.

Judge J. W. Alcorn in conversation with Capt. J. A. Doty, who was in the same company with Salter, paid high tribute to him as a man and a soldier, saying that when he was wounded at the battle of Milton Tenn., his only anxiety was to know if he was shot in the back, and when he found that his wound came honorably and from the front, he was satisfied.

He was 66 years of age and was the son of Thomas K. Salter, at one time among the wealthiest men in Garrard county.

## A Good Man Honored.

As a mark of the esteem in which he is held by his employers, Mr. W. G. Kemper the popular cashier of the People's Bank of Paint Lick Ky., has been appointed to do special agency work for the Fidelity-Phoenix Insurance Co. which he represents.

While the work required of him is of but a temporary nature, yet it is of a very intricate character and such that can be trusted to but the very best men in the employ of the company.

Mr. Kemper has been cashier of the People's Bank since its establishment, and it has prospered under his careful management like the proverbial green bay tree, within the last few years paying six per cent semi-annually to its stockholders.

Not only is Mr. Kemper a capable banker, but he is equally as efficient an insurance man, which is evidenced by a business built up by him second to none in the county.

Mr. Kemper's new duties will consume about one half of his time, which the directorate of the bank have granted him. During his absence the affairs of the bank will go on as usual and will be looked after as carefully as if he were there, which he will be sufficiently often to keep a guiding hand on the movement of affairs.

The insurance business will also receive careful attention, and no expirations will be allowed to lapse because of his absence.

ALLEY GREGOR is one of the best trotting Stallions in Kentucky. He has a lot of style and finish and is a great acting horse. Don't wear any boots, just 9 oz shoes. He ought to make a great sire. His oldest colts are coming two's and show great speed and action. Any one wishing to see one of them can do so on the Lexington track where they are now in training.

This is a good chance for the people of Garrard County to breed into the best families of the trotting blood. Look this horse's breeding over and see how many they have in the list both sire and dam.

This great trotting Stallion will make the season of 1911 at my stable in Lancaster, Kentucky, at

Catarrh Is Probably The Cause Get Rid Of The Cause.

If you have catarrh and have constant ringing noises in your ears look into the matter at once.

It's a pretty sure sign that catarrh is spreading and is making its way through the Eustachian tubes that lead from the nose to the ears.

When catarrh gets to the ears partial deafness follows. If you have ringing noises in your ears go to R. E. McRoberts & Son to-day and get a HYOMEI outfit and drive out catarrh.

To cure catarrh HYOMEI should be breathed through a pocket inhaler for about three minutes, four or five times a day. Just pour a few drops into the hard rubber inhaler and breathe it for a few minutes.

It kills the germs; soothes the irritation; heals the inflammation; stops hawking, spitting and snuffing.

A HOPEFUL MESSAGE TO SCALP SUFFERERS AND MEN WHO'S HAIR IS THINNING. 3

Dandruff now—bald later. The same is true of scalp diseases. In fact baldness is a scalp disease. The trouble with the greasy salves and lotions, the so-called dandruff and scalp cures you have tried so far is that they don't do anything but temporarily relieve the itching and make the dandruff so it doesn't fall until it's dried out again. Nothing can cure—really cure such trouble but a real scalp medicine that will kill the germs causing dandruff and scalp disease.

Learning from leading fellow druggists throughout America that they had found a whirlwind cure for dandruff, eczema and all diseases of the skin and scalp R. E. McRoberts & Son Drug Store on proving to the laboratories compounding the treatment that it is the most prominent drug store in this city secured the agency for the remedy.

This remedy is ZEMO, the clean, liquid preparation that kills the germ of disease and ZEMO SOAP to wash the scalp or skin clear and clean of the dandruff or scale and by its antiseptic qualities soothe and heal.

Sold and guaranteed by druggists everywhere and in Lancaster by R. E. McRoberts & Son.

## THE END OF TUBERCULOSIS

The Business of Sitting Out.

By LOUIS HAMMAN, M. D.

You must address yourself to the task of sitting outdoors day after day most faithfully. You must make it your constant occupation and stick to it as though you were paid money for it. If you do not get the idea of continuous rest firmly set in your mind you will not succeed. By rest I mean lying down in a bed or chair in the fresh air. You are not to spend any time in a closed room except when bathing or dressing or eating. Rest all the time. Take no exercise or work until your doctor tells you—no walking, no standing, no rambling, no riding, no driving, no housework, no office work, no chores, no trips, no visits, no knocking about, no odd jobs, no exertion of any kind. Put yourself at rest in the open air after breakfast and stay there. Do not be forever jumping up and doing little things about the house or fetching and carrying. Every morning sit out; every afternoon sit out; every evening after supper sit out or lie in your outdoor bed.
